## Summary

---

An enthusiastic Computer Science and Engineering undergraduate at the University of Moratuwa with a solid background in core programming concepts and experience in full-stack web development. Academic interests include software engineering and system design, with an emphasis on practical application and continuous learning. Looking to gain experience that bridges academic knowledge with real-world problem solving.

## Areas of Interest

---

**Software Development** (Front-end & Back-end)  
**Machine Learning**  
**DevOps & CI/CD Automation**

## Education

---

**University of Moratuwa** *May 2026 – Present*  
B.Sc. Engineering (Hons.) in Computer Science & Engineering

– **CGPA:** 3.9 / 4.0  
– **Dean's List:** Semester 1

**A/Kekirawa Central College** *2015 - 2023*  
G.C.E. Advanced Level, Physical Science Stream

– Combined Mathematics – A,    Physics – A,    Chemistry – A  
– Z-Score: 2.2389

## Projects

---

**Learning Management System (LMS-CMS)** *May 2026 – Present*  
🔗 [LMS-CMS](#)

- Built a role-based LMS with JWT authentication, role-based permissions (admin/instructor/student), and automated student ID generation (`{batch_year}{user_id:06d}`) supporting bulk batch enrollment for entire cohorts.
- Designed a polymorphic appeal management system supporting five appeal types with PDF validation (5MB limit), priority calculation, and unified review queue workflow for admin processing.
- Implemented academic structure hierarchy (Faculty → Department → Batch → Course → Module), content management for lecture notes and assignments, and CGPA tracking with exam results.
- Optimized dashboard endpoints reducing database queries by 66% using Django aggregation techniques.
- **Tech Stack:** Django REST Framework, JWT, Sqlite3, React.js

## Core Skills

---

**Web Development:** HTML, CSS, React, Tailwind CSS, UI Libraries (Material UI)

**Database Management:** SQLite3

**Version Control:** Git, GitHub

**Programming Languages:** C, C++, Python, Java, JavaScript

**Deployment:** Render, Vercel

**Tools:** VS Code, IntelliJ IDEA, Xilinx Vivado

## Soft Skills

---

- Effective communication and teamwork skills gained through group projects and collaborations.
- Adaptability and quick learning ability in adopting new technologies and methodologies.
- Time management and organizational skills developed through balancing academic and project commitments.
- Open to feedback and use it as a way to grow and improve.

## Honors & Awards

---

**Dean's List** - University of Moratuwa  
Awarded for academic excellence in Semester 1.

*2025 - present*
